NOTICE OF PRIVACY PRACTICES

Please read this notice and **sign and date** the attached acknowledgement.

The Health Insurance Portability and Accountability Act of 1996 ("HIPAA") is a federal program that requires that all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally are kept properly confidential. This Act has given you, the patient, significant new rights to understand and control how your health information is used. HIPAA provides penalties for covered entities that misuse personal health information.

As required by HIPAA, we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records only for each of the following purposes: Treatment, payment and health care operations.

- Treatment means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include a physical examination.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment activities and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review.

We may also create and distribute de-identification by removing all references to individually identifiable information.

We may contact you to provide appointment reminders and information about treatment alternatives or other health-related benefits and services that may be of interest to you.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information which you can exercise by presenting a written request to the Privacy Officer:

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, close personal friends, or any other person identified by you. We are, however, not required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.
- The right to reasonable requests to review confidential communications of protected health information from us at alternative means or at alternative locations.
- The right to inspect and copy your protected health information.
- The right to receive an accounting of disclosures of protected health information.
- The right to obtain and we have an obligation to provide to you a paper copy of this notice from us at your first service delivery date.
- The right to provide and we are obligated to receive a written acknowledgement that you have received a copy of our Notice of Privacy Practices.

We are required by law to maintain the privacy of your protected health information and to provide you with notice of our legal duties and privacy practices with respect to protected health information.

This notice is effective as of April 14, 2003 and we are required to abide by the terms of the Notice of Privacy Practices currently in effect. We reserve the right to change the terms of our Notice of Privacy Practices and to make the new notice provisions effective for all protected health information that we maintain. We will post and you may request a written copy of a revised Notice of Privacy Practices from this office.

You have recourse if you feel that your privacy has been violated. You have the right to file a formal, written complaint with us at the address below, or with the Department of Health and Human Services, Office of Civil Rights, about violations of the provisions of this notice or the policies and procedures of our office. We will not retaliate against you for filing a complaint.

For more information about HIPAA or to file a complaint: The U.S. Department of Health & Human Services Office of Civil Rights, 200 Independence Avenue, S. W., Washington, D.C. 20201 Phone: (202) 619-0257 Toll Free: 1-877-696-6775

Acknowledgement of Notice of Privacy Practices

I acknowledge that I have received a written copy of the **A Better Connection, Inc. Privacy Practices**. I also acknowledge that I have been allowed to ask questions concerning this notice and my rights under this notice. I understand that this form will be a part of my record until such a time as I may choose to revoke this acknowledgment. If I am not the patient, I represent that I am authorized by law to act for and on the patient's behalf.

Cancellation Policy/Agreement

Due to high demand for mental health services at A Better Connection Inc., clients and families are being asked to sign, and agree to, the cancellation policy terms and conditions. Text Message reminders 24 hours prior containing the appointment date and time are a courtesy provided by A Better Connection Inc. to ensure attendance. Please request this service if you do not currently receive text message reminders.

Late Cancel/No Shows: If patients arrive 15 or more minutes late to an appointment without calling to inform A Better Connection Inc. of the late arrival, they may be asked to reschedule as their appointment will be considered a Late Cancel/ No Show. Patients unable to attend a scheduled appointment or group session must cancel the appointment more than 24 hours prior to the appointment time. Reminder text messages are sent at this time. To cancel an appointment, please text or call 218-252-6608. In cases of extraordinary circumstances that arise less than 24 hours prior to the appointment time (e.g. physical illness), the clinic still appreciates to be informed about the missed appointment. There is a daily cancellation list of patients hoping to attend an open appointment time. It is appreciated by other clients and their families if you call with enough time to allow their attendance at that time. This also ensures the possibility of an appointment opening to reschedule your appointment at a later date. Failure to cancel an appointment less than 24 hours prior to an appointment will require:

- One late cancel/no show in a six month period= Client must call to confirm an appointment the following week. If no call is made, no appointment will be made for the following week.
- Two late cancels/no shows in a six month period= Client will lose their weekly/ biweekly session time and must schedule an appointment each week.
- Three late cancels/no shows in a six month period= Client will be required to call the morning of the day the client prefers to attend an appointment. A session will be scheduled if an appointment time is available. If no time is available, the client will need to call back at a later date.

I understand and agree to the above cancellation policy.

PATIENT BEHAVIORAL HEALTH(including CHEMICAL DEPENDENCY RIGHTS):

Pursuant to Minnesota Statute 148F.165 Subd. 2.

Consumers of alcohol and drug counseling services have the right to:

- (1) expect that the provider meets the minimum qualifications of training and experience required by state law;
- (2) examine public records maintained by the Board of Behavioral Health and Therapy that contain the credentials of the provider;
- (3) report complaints to the Board of Behavioral Health and Therapy;
- (4) be informed of the cost of professional services before receiving the services;
- (5) privacy as defined and limited by law and rule;
- (6) be free from being the object of unlawful discrimination while receiving counseling services;
- (7) have access to their records as provided in sections 144.92 and 148F.135, subdivision 1, except as otherwise provided by law;
- (8) be free from exploitation for the benefit or advantage of the provider;
- (9) terminate services at any time, except as otherwise provided by law or court order;
- (10) know the intended recipients of assessment results;
- (11) withdraw consent to release assessment results, unless the right is prohibited by law or court order or was waived by prior written agreement;
- (12) a nontechnical description of assessment procedures; and
- (13) a nontechnical explanation and interpretation of assessment results, unless this right is prohibited by law or court order or was waived by prior written agreement.

The provider shall treat the client as an individual and not impose on the client any stereotypes of behavior, values and roles related to human diversity.

The provider shall not misuse the relationship due to a relationship with another individual or entity.

Provider shall not exploit the professional relationship with a client for the provider's emotional, financial, sexual, or personal advantage or benefit. This extends to former clients who are vulnerable or dependent on the provider.

SEXUAL BEHAVIOR WITH A CLIENT: A provider shall not engage in any sexual behavior as defined in section 604.20, subd 7; any physical verbal written interaction or electronic communication, conduct or any act that may be reasonable interpreted to be sexually seductive, demeaning, or harassing to the client. consideration or choice of the client.

REFERRALS: A provider shall make a prompt and appropriate referral of the client to another professional when requested.

RIGHTS TO ACCESS OF RECORDS: Your individual rights include the following:

- Right to records under 144.92 and 148F.135 except as otherwise provided by law;
- Right to know what kind of information is being maintained and whether you are the subject of any data;
- The right to be informed of the purpose for, or intended use of, any information requested for you by an agency;
- The right to be informed of any change in the purpose of, or the intended use of, any information you have supplied;
- The right to have disputed data withheld from disclosure except under conditions of demonstrated need, and then only if your statement or disagreement is included with the disclosed data.

GRIEVANCE PROCEDURE: If a problem or complaint arises where you feel your rights are being violated, proceed with the following steps:

- Within three business days of when the grievance occurred, report problems or complaints to ABC's President, who will assist you in processing of the grievance.
- If the grievance is unresolved, contact one of the following:
